2007 – 2012

## IMnI Five-Year Strategic Plan

In November 2006 the IMnI Board approved a new IMnI Mission Statement, which would guide the institute in the future. This mission was developed to support the industry principles of responsible, sustainable and prosperous best practice.

With the Mission Statement as its foundation, the IMnI Five-Year Strategic Plan 2007 - 2012 was crafted with four major goals standing as its pillars. Adopted by the General Assembly in June 2007, the plan clearly maps the IMnI's way forward towards ambitious but attainable objectives.
