International Manganese Institute

IMnI Webinar Q2 2021
Thursday, June 24 - 2 to 4:30pm (CEST time)

Manganese on the spotlight of the battery sector

Program

Thursday, June 24 (CES time)		Webinar open to IMnI Members only	
14:00	14:05	A word from the IMnI Chairman	Patrick Sacco (Ore & Metal), IMnI Chairman
14:05	14:25	Latest developments and outlook for Mn ore production	Aloys d'Harambure, IMnI
14:25	14:35	Latest forecasts on Manganese demand by the battery sector	Jack Bedder, Roskill
14:35	14:55	High purity Mn sulphate and high purity Mn metal production in China	Zhang Liangliang, South Manganese (ex CITIC Dameng)
14:55	15:15	MMC's expansion plans and vision of the HP EMM market	Madelein Todd, Manganese Metal Company (MMC)
15:15	15:35	The potential of high purity Mn sulphate for batteries	Philippe Bertrand, Prince Minerals Limited
15:35	15:55	Recycling Tailings in Europe: The Chvaletice Manganese Project	Marco Romero, Euro Manganese Inc.
15:55	16:30	Panel discussion on Manganese in batteries	Madelein Todd (MMC), Marco Romero (Euro Manganese Inc.), Philippe Bertrand (Prince Minerals Limited), Jack Bedder (Roskill), moderated by Aloys d'Harambure (IMnI)
