

Invitation for the 14th International Forum on Manganese Electrolytic Products & IMnI's 19th EPD China Conference

The 14th International Forum on Manganese Electrolytic Products & IMnI's 19th EPD Conference will be held in Chengdu, Sichuan, China from 29th February to 2nd March, 2024, jointly organized by the International Manganese Institute, National Committee of Manganese Industry Technology, Guangxi Federation of Enterprises and Entrepreneurs, Guangxi Manganese Industry Association and South Manganese Group Limited. Domestic and foreign manganese experts, market participants, and representatives of upstream and downstream enterprises will gather to share insights on achieving high-quality development of manganese industry under the background of accelerating the process of new industrialization and Chinese modernization.

1. Time and venue

(1) Time:

February 29th (Thursday)

Registration;

Activities of the China Manganese Industry Elite Club (1);

March 1st (Friday)

1. All-day panels and Roundtable Dialogue.

2. The 2nd Excellent Paper Award Ceremony for the Research and Application of Manganese in the Field of Steel and New Energy Materials;

March 2nd (Saturday)

technical visits;

Activities of the China Manganese Industry Elite Club (2).

(2) Venue:

Crowne Plaza Chengdu Wuhou, No. 2 Chaoyin Road, Wuhou District, 610014 Chengdu City, Sichuan, China

2. Topics

- (1) China's macroeconomic
- (2) Annual report of the EPD Conference
- (3) The application of manganese in the stainless steel industry
- (4) Application research of manganese in the field of special steel
- (6) Comprehensive report on the application of manganese in the field of new energy materials
- (7) Overseas new energy materials industry layout status, trends and policy research
- (8) Global Manganese Ore Market Report (including China)
- (9) Global battery industry development report
- (10) Reports from representatives of automobile, new energy battery or energy storage enterprises

3. Technical tours

The technical visits of this year will be held at Sichuan Zhongzhe New Material Technology Co., Ltd. and Sichuan Changhong New Energy Technology Co., LTD. The visits are at a charge of 500 yuan per person for domestic delegates, or 120 US dollars per person for foreign delegates (including transportation, lunch, and dinner).

4. Joint activities

- (1) A series of activities for China Manganese Industry Elite Club (Need to be invited for participation);
- (2) The 2nd call for excellent papers on the research and application of manganese in the field of steel and new energy materials (on further notice).

5. Others

- (1) Registration fees

Registration before January 26, 2024 (inclusive) : 700 US dollars/person.

For registration after January 26, 2024: 750 US dollars/person.

Registration fees includes services of venue, materials, meals, photography, etc.

(2) Exhibition booth

To interchange best practice in the Mn sector, exposition booths will be at display during the conference (10,000 yuan per installation, including one delegate). Distributing promotional materials are highly prohibited unless for sponsors and registered exhibitors. The deadline for exhibition registration is February 23, 2024. Places are limited on a first-come-first-served basis.

6. Contact information of the organizing committee:

Contact person for registration (phone number also served as WeChat number):

Zhang Liyun 13507713310

Zhang Liangliang 15994367077

7. Co-organizers:

China Mining Federation Manganese Branch

Jingjin Environmental Protection Co., Ltd.

Jiangsu Chenli Environmental Protection Technology Co., Ltd.

Shenyang Bangpin Trading Co., Ltd.

Sichuan Xunyi Technology Co., Ltd

Guangxi Federation of Enterprises and Entrepreneurs

National Committee of
Manganese Industry

Guangxi Manganese Industry
Association

South Manganese Group Limited
