

**2024 Annual Conference  
Technical Tours**

Thursday, June 6

**Limited to 2 participants per company**

**Trust Mining Company**

Trust Mining mines are located in Ras Al Hadd. It is the only working Manganese site in Oman. Trust Mining produces all grades of Manganese % until 40 % with high silica. Their site includes tippers, excavators, trucks and a labour team for all mining processes.

IMnI delegates will see the processes of mining and Trust Mining's new unit of upgrading Manganese according to physical properties by using different sizes.
